At the age of 50, Karin Mayr started **Sabika** from the family kitchen table in a time of financial need for her family. She was determined to build a company that connects women in every community. She focused on creating beautiful, artisan-made jewelry founded in her 20 year experience as a successful trend forecaster. She has since offered opportunities and seen Sabika transform lives. We aim to help women build confidence, create possibilities, and arrive at reasonable solutions to the challenges they face in their personal and professional lives.
